Location: Tarrytown Inn and Conference Center, Tarrytown, New York

Dates: April 17-18, 2007

Arrival/Departure: Arrival on April 16; Pick-up from NYC airport; Meeting start at 9:00 AM on April 17 and will last until 5:00 PM on April 18th.

Dear Friends and Colleagues,

Thank you for agreeing to participate in the upcoming workshop on 'Vision and Rehabilitation'. The workshop has been set for April 17-18, 2007 in New York. The location has been selected to be easily accessible from both the US and Europe; the dates are the best compromise given the tight schedule and the many commitments we all have. We are very grateful for your participation, enthusiasm, and commitment to this project that we feel is an important first step toward establishing science-base guidelines to the field of neurological rehabilitation.

We are enclosing an editorial pitch for the whole project of which this meeting is the first workshop. This document is very much a work in progress and contains names of individuals suggested for different roles who have not yet been approached and/or confirmed – we ask you to treat this document as a confidential communication. We are sharing it with you because the document provides information on the motivations and rationale behind the project. Within the next few weeks, you will receive specific information regarding the upcoming meeting including registration and travel information as well as some suggestions about what to prepare in advance of the conference.

JSMF has set up a meeting website [www.jsmf.org/meetings/2007/seeing.htm](http://www.jsmf.org/meetings/2007/seeing.htm). All relevant meeting material will be posted there as well as sent to you via email. If you have reading material you would like to share prior to the meeting please sent a PDF or word document for posting to dolezalek—at—jsmf.org.

Best wishes,
Marlene Behrmann, Susan Fitzpatrick, and Maurizio Corbetta
